Work Experience

Project Engineer and 3D Draftsman, Area Bim

03/2021 - 06/2021

I worked as an external service at Casa Tarradellas. My duty was to offer designs and 3D solutions to future piping projects at any of the eight production plants.

Project Engineer and Carpenter , Verdaguer Germans

2020 - 2021

I worked in a small company based in La Garrotxa. We produced and assembled all kinds of wooden structures from ceilings to entire houses. My role was to work with the structure design and the production to guarantee a good assembly on-site.

BSO Producer, Freelance

2019 - 2020

I worked composing and producing soundtracks for an advertising agency called Drop & Vase.

Product Designer, Guillermo Santoma

2016 - 2019

I worked for a small studio producing unique furniture for art galleries and private clients. We used a design-thinking methodology combined with material experimentation to challenge ourselves. During that period I learned how to take an idea from its briefing to its production and delivery.

Education

Ironhack

FULL-STACK WEB DEVELOPER BOOTCAMP

08/2021 - 10/2021

ESDAP

BACHELOR'S DEGREE IN PRODUCT DESIGN

2012 - 2016

I am a Front-end Developer with a background in design. I am extremely hardworking and always willing to learn and develop myself to get the best results.
